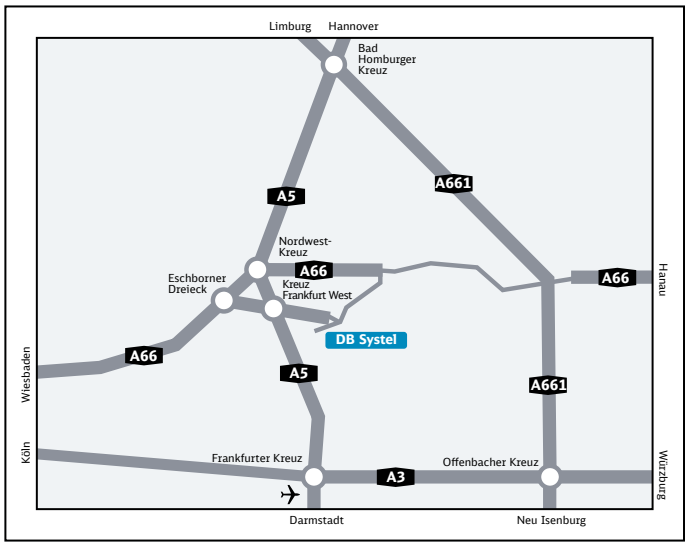
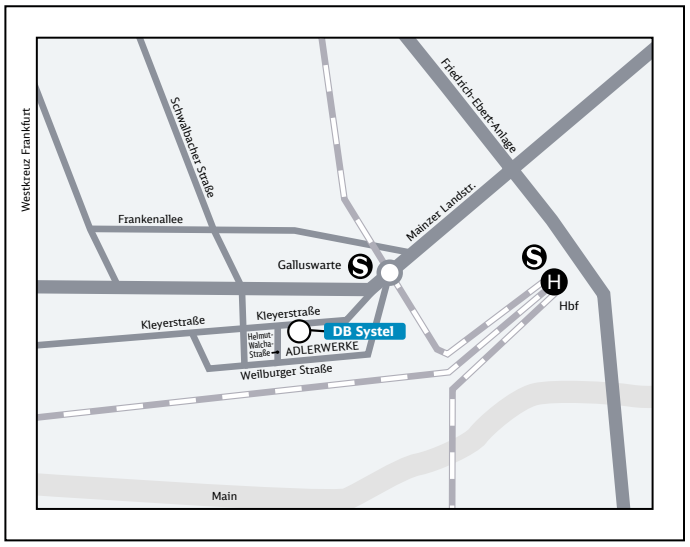
DB Systel GmbH

60326 Frankfurt am Main | Kleyerstraße 25 + 27 | Adlerwerke | Germany





How to reach us:

By public means of transport:
Take S-Bahn line S8 or S9 for Offenbach/Hanau from Frankfurt Airport, alighting at Hauptbahnhof (Tiefbahnhof). From here, travel one stop to Galluswarte on either an S3 (for Bad Soden), S4 (for Kronberg), S5 (for Friedrichsdorf) or S6 service (for Friedberg), leaving Galluswarte station via the Mainzer Landstraße exit. Turn right onto Kleyerstraße and walk down to the "Adlerwerke" (about 8 minutes).

Alternatively:
Take a Number 10 or 11 tram (for Zuckschwerdtstraße) or a Number 21 tram (for Mönchhofstraße) from the central station (Hauptbahnhof) as far as the Schwalbacher Straße stop. Walking along Schwalbacher Straße from here and turning left onto Kleyerstraße, it takes about five minutes to reach the "Adlerwerke".

By car:
Leave the A3 motorway at Frankfurter Kreuz and join the A5 for Kassel/Frankfurt West. At the next exit, Frankfurt West/Messe, turn off onto the A648. If travelling towards the city centre on the A66, similarly turn off onto the A648 and enter the righthand lane for the Messe exit. Take the first exit on the right at the Katharinen roundabout and follow the signposts for "TÜV Service-Center". Travel three-quarters of the way round the next roundabout and turn off onto Schmidtstraße in the direction of the city centre. At the traffic-light junction at the end of this road, turn right onto Mainzer Landstraße and, at the fourth set of traffic lights, turn right onto Schwalbacher Straße for the short distance to Kleyerstraße. The "Adlerwerke" are a little further down to the left.

Those travelling from the city centre should take Mainzer Landstraße to Galluswarte and enter the lefthand lane there, turning left onto Kleyerstraße at the junction after the railway bridge and proceeding from there to the "Adlerwerke".

Parking facilities are provided to the rear of the "Adlerwerke" on Weilburger Straße, where the entrance to the parking building is to be found next to No. 28.
