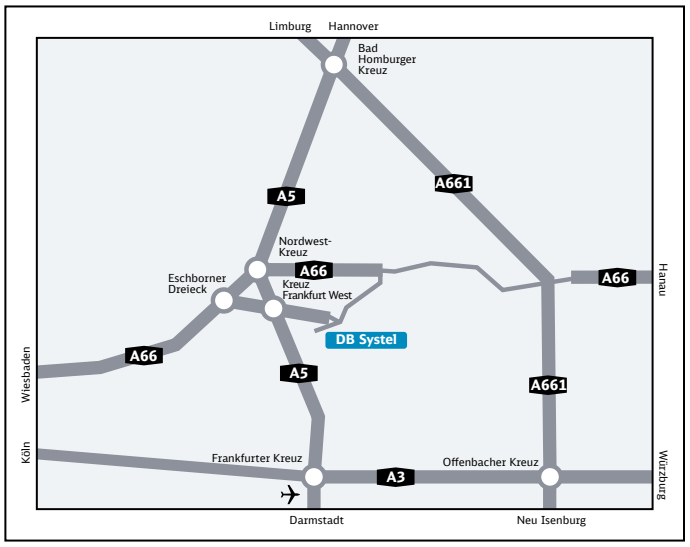
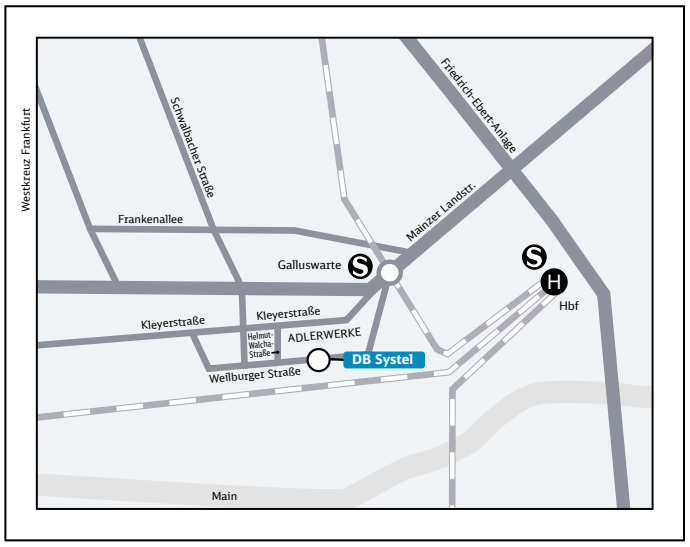
DB Systel GmbH

60326 Frankfurt am Main | Weilburger Straße 28 | Adlerwerke | Germany





How to reach us:

By public transport:
Take S-Bahn line S8 or S9 for Hanau/Offenbach from Frankfurt Airport, alighting at the central station (Hauptbahnhof). From here, travel one stop to Galluswarte on either an S3 (for Bad Soden), S4 (for Kronberg), S5 (for Friedrichsdorf) or S6 service (for Friedberg), leaving Galluswarte station via the Mainzer Landstraße exit. Turn onto Weilburger Straße and walk to No. 28 (about 7 minutes).

By car:
Leave the A3 motorway at Frankfurter Kreuz and join the A5 for Kassel/Frankfurt West. At the next exit, Frankfurt West/Messe, turn off onto the A648. If travelling towards the city centre on the A66, similarly turn off onto the A648 and enter the righthand lane for the Messe exit. Take the first exit on the right at the Katharinen roundabout and follow the signs for „TÜV Service-Center“. Travel three-quarters of the way round the next roundabout and turn off onto Schmidtstraße in the direction of the city centre. At the traffic-light junction at the end of this road, turn right onto Mainzer Landstraße and, at the fourth set of traffic lights, turn right onto Schwalbacher Straße for the short distance to Kleyerstraße. Turn left onto Kleyerstraße and, just before the Adlerwerke complex, turn right onto Helmut-Walcha-Straße, continuing to the end. Finally, turn left onto Weilburger Straße, where you will find the main entrance to the DB Systel building at No. 28. The entrance to the multi-storey car park is next door.

Those travelling from the city centre should take Mainzer Landstraße to Galluswarte and enter the left-hand lane there, turning a sharp left onto Weilburger Straße after the railway bridge and continuing straight on to No. 28.
